

I, Phillip B. McVey, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me between February 19 and February 21, 1975 and from information obtain from Clark County, Nevada record of survey map and from U.S. Geological Survey 15 minute series quadrangle map to accompany application for permit to change the manner of use, and place of use; that it truly and correctly represents the location of the works to divert water from an underground source by the Nevada Power Company for industrial (cooling) purposes; that the boundaries of all shown by 40 acres (or less) subdivision of the area within which the water is to be beneficially used are fully and correctly designated.
