I, Kenneth L. Hasckew, being first duly sworn, depose and say that this map, consisting of one sheet, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction), between the 7th day of May, and the 9th day of May, 1975, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground sources in White Pine County, by Carpenter Ranches for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, oil reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Kenneth L. Hasckew
Kenneth L. Hasckew
State Water Right Surveyor 444

Subscribed and sworn to before me this 9th day of June 1975
Notary Public in and for White Pine County, Nevada:
