I, Tracy I. Phelps, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 16th day of August, 1975; that it correctly represents the proposed location and extent of the works used to divert water from underground, in Clark County, Nevada, by Mark, Delbert and Theron Stewart for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, and the boundary of all lands, showing by 40-acre subdivisions the area proposed to be irrigated, are fully and correctly designated thereon.
