

STATE OF CALIFORNIA }  
 COUNTY OF LOS ANGELES }

I, Tracy I. Phelps, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, between the 12th day of September, and the 13th day of September, 1974, that it truly represents the location and extent of the works used to divert water from underground in Esmeralda County, by Norman Bailey for mining, milling and domestic purposes. That the point of diversion and the location of the mill are fully and correctly designated hereon.
