I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 27th day of October, 1976; that it truly and correctly represents the original point of diversion and place of use under Permit No's 28137, 28975 and 28977 and the proposed point of diversion and place of use and the extent of the works used to divert water from an underground source in Lyon County, by Lila E. Gill for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting conduit, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.
