I, William A Nisbet, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 3rd day of Feb., 1977, that it truly and correctly represents the proposed location and extent of the works used to divert water from an Underground Source in Lander County by Robert & Brenda Phillips for Irrigation purposes. That the point of diversion, the location and size of the diverting channel, the location and extent of lands owned or controlled by the applicant upon which water applied for is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with the said works are fully and correctly designated thereon.

William A. Nisbet
State Right Surveyor No 448

Subscribed and sworn to before me this 15th day of June, 1977.
