I, William F. Mueller, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction, on the 11th day of May, 1977; that it truly and correctly represents the proposed location and extent of the works used to divert water from UNDERGROUND SOURCES, in LANDER COUNTY, by DRESSER MINERALS for mining, milling and domestic purposes. That the proposed point of diversion and return, the location of the mine and mill, the approximate size and capacity of the diverting channel or conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
