

STATE OF NEVADA
COUNTY OF DOUGLAS SS

I, Ernest E. Muller Sr, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision on the 26th day of April, 1977, that it truly and correctly represents the proposed location and extent of the works used to divert water from an unnamed underground source in Douglas County by Brent R. Howerton for irrigation and domestic purposes. That the proposed points of diversion, the location of the diverting conduit, all reservoirs and basins, the location and names of all other works which cross or connect with the proposed works, and the boundary of the land within a 40-acre subdivision proposed for use, are fully and correctly designated thereon.
