
STATE OF NEVADA
County of Carson City ss:

I, William A. Rainton, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 8th day of October, 1977, that it truly and correctly represents the proposed location and the and the extent of the works to divert water from an underground source in Douglas County, by Richard C. Walder for irrigation and domestic purposes. That the proposed point of diversion, the boundary of all lands showing by 40-acre subdivisions the areas to be irrigated are fully and correctly delineated thereon.
