

I, James A. Rankin, being first duly sworn depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me and completed on the 12th day of May, 1977 and that this map truly and correctly represents the location to be used to divert water from underground source in Douglas County by Robert Hass for irrigation and domestic purposes and that the point of diversion and the boundary of all lands to benefit are fully and correctly shown hereon.
