EXISTING PLACE OF USE FROM STEAMBOAT DITCH
SCALE: 1"=1000'

STATE OF NEVADA } s.s.
COUNTY OF WASHOE }

I, Roy H. Hibdon, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 11th day of July, and the 22nd day of July, 1977 and from various official, filed maps and records; that it truly and correctly represents the proposed location and extent of the works used to divert water from Truckee River in Washoe County by Tahoe Timber Company of Nevada for quasi-municipal-subdivision purposes. That the proposed point of diversion, the approximate location and size of the diverting works, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
