I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 14th day October, 1977, that it truly and correctly represents the location and extent of the works used to divert water from an underground source, in Washoe County, by Myron Gaylord Sayan and Michael Dennis Sayan, for irrigation, domestic, and stock-watering purposes. That the proposed point of diversion, the approximate location and size of the diverting conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Walter G. Reid
State Water Right Surveyor
