

State of Nevada S.S.  
 County of Washoe  
 I, E.P. Osgood, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on August 17, 1977, that it truly and correctly represents the existing location and extent of the works used to divert water from underground sources in Washoe County, by James W. and Ellen M. Simmons for commercial and domestic use. That the point of diversion, the approximate location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be serviced, are fully and correctly designated thereon.
