

STATE OF NEVADA
COUNTY OF LINCOLN

I, Kim Koenig, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from the field notes of a survey under my supervision and direction, between the 9th day of August, and the 31st day of August, 1977, that it truly and correctly represents the proposed location of the well used to divert water from an underground source in Lincoln County, by the Nevada State Highway Department, for industrial road construction. That the proposed point of diversion, the location and size of the proposed drilled well, and the boundary of all lands, showing by 40 acre subdivisions, the areas proposed to be irrigated, are fully and correctly designated thereon.

Kim Koenig
State Water Right Surveyor No. 402
