I, Tracy I. Phelps, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 28th day of March, 1978; that it truly and correctly represents the location and extent of the works used to divert water from underground, in Lincoln County, by Robert C. and Vivian Lewis for irrigation and domestic purposes. That the point of diversion, the approximate location of all underground pipe lines existing and proposed are shown, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
