

STATE OF NEVADA }  
 COUNTY OF WHITE PINE } SS.

I, Gene D. Clayton, being first duly sworn, depose and say that this map consisting of 1 Sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, between the 2<sup>nd</sup> day of August, and the 2<sup>nd</sup> day of August, 1978; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground sources in Lincoln County, by Charles E. Wadsworth Jr. and D. Clayton Wadsworth for Irrigation & Domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs and basins, the location and names of all other works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Gene D. Clayton
