

Well 8" diameter casing equipped with submersible electric pump 1/2 HP and portable gas generator

Detail of Proposed Diversion Works
Scale: 1" = 30'

Bearing Source:
General Land Office Plat
Angle turned from line between
NW 1/4 cor. Sec. 28 and NE cor.
Sec. 28 to proposed point
of diversion.

STATE OF NEVADA, } ss.
COUNTY OF LANDER }

I, John Griswold, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 5th day of September, 1978; that it truly and correctly represents the proposed location and extent of the works used to divert water from an UNDERGROUND source in LANDER COUNTY, by U.S. DEPARTMENT OF INTERIOR, BUREAU OF LAND MANAGEMENT for stockwatering purposes. That the point of diversion, the location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.

John W. Griswold
State Water Rights Surveyor, No. 266

Subscribed and sworn to before me
this 2nd day of October, 1978.
Notary Public in and for ELKO County, Nevada.
