I, Mark Chilton, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 11 day of APRIL, 1979, that it truly and correctly represents the proposed location and extent of the works used to divert water from HOT SPRING in ELKO COUNTY, by W.D. That the proposed point of diversion, the approximate locations and size of diverting channels, all reservoirs or basins, the location and names of all other works which will cross or connect with proposed works, and the boundary of lands, showing by 40-acre subdivisions the areas proposed to be irrigated are fully and correctly designated thereon.

Subscribed and sworn to before me this 12th day of April, 1979.
