I, Bruce L. Rice, being first duly sworn, depose and say that this map, consisting of 1 sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 21st day of July, 1979 and from existing records, and that it truly and correctly represents the extent of works used to divert water from Fish Lake Valley Wash Esmeralda County by Rex B. Mongold for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
