I, B J Vasey, being first duly sworn, depose and say that this map, consisting of one (1) sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 12th day of JULY, 1979; that it truly and correctly represents the location and the extent of the works used to divert water from underground sources in Douglas County, by Unruh's Turf Farm, Inc. for Quasi-Municipal purposes from water previously appropriated under Permits 28630, 28335 and 29697. The points of diversion, the approximate sizes and locations of the diverting channels or other conduits, the existing place of use and the proposed place of use, the manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated hereon.
