

SEC. COR.
ROCK MON. & PIPE

STATE OF NEVADA
CARSON CITY

I, Walter G. Reid, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on September 15, 1979, that it truly and correctly represents the old location under Permit No. 26999, the proposed point of diversion and place of use, and the works used to divert water from an underground source in Lyon County, by Michael W. and C.V. HUGHES for industrial and domestic purposes. That the proposed point of diversion, the location of the plant, the approximate size and capacity of the diverting channel and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
