I, B. J. Vasey, being first duly sworn depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction, on the 2nd day of January, 1980, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Douglas County by Mike Gilbert, for Quasi-Municipal Purposes. The proposed point of diversion and the boundary of all lands showing by 40-acre subdivisions the areas to be served, are fully and correctly designated hereon.
