

STATE OF NEVADA }  
 CARSON CITY } s.s.

I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 7th day of November, 1980, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Pershing County, by Darrell W. Norman for mining, milling and domestic purposes. That the proposed point of diversion, the location of the mine and mill, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
