I, John H. Milton III, being first duly sworn, depose and say that this map, consisting of 228 sheets, has been correctly drawn from field notes of a survey made by me during June, 1980, that it truly and correctly represents the location and extent of the works used to divert water from underground in Humboldt County by Donnell J. & Andree L. Richards for irrigation & domestic purposes, that the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Subscribed and sworn to before me this 26th day of June 1980.
