

STATE OF NEVADA SS
 COUNTY OF CARSON CITY
 I, Robert C. Downer, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on Dec. 20, 1980, that it truly and correctly represents the location and extent of the proposed works used to divert water from a well in Lander County, Nevada, by William C. Cheesman for mine milling purposes; that the point of diversion, and the boundaries of all lands contained in the area where the mine milling use of the underground water is proposed are fully and correctly designated hereon.
