

State of Nevada,
County of Humboldt SS.

I, Carl J. Crosby, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me or under my supervision, between the 4th day of Oct. and the 8th day of Oct., 1980; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Pershing County, by Springer Mining Company for milling purposes. That the proposed points of diversion and return, the location of the mill, the approximate size and capacity of the conduits, and the location and names of all other works or streams which are crossed by or connected with said works, are fully shown thereon.
