I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 12 th. day of September, 1980; that it truly and correctly represents the proposed location and extent of the works used to divert water from Schell Spring source in Washoe County, by Morris and Mary Royels, and Marlin and Kristable Hanneman, for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivision the areas to be irrigated, are fully and correctly designated thereon.
