I, Nelson E. Myer, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, (or under my supervision and direction), between the 13th day of November, and the 4th day of December, 1980; that it truly and correctly represents the proposed location and extent of the works used to divert water from the Las Vegas Ground Water Basin, in Clark County, by Patsy Bean for quasi-municipal purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed work, and the boundary of all lands, are fully and correctly designated hereon.
