I, Dale D. Kulm, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on February 23, 1981; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Washoe County, by Mogul Enterprises for commercial and domestic purposes. That all other works or streams which are crossed by or connected with said works, and the boundary of the place of use are fully and correctly designated hereon.
