STATE OF NEVADA S.S.
 COUNTY OF CHURCHILL

I, FRED L. PETERSEN, being first duly sworn, depose and say that this map, consisting of one (1) sheet has been correctly drawn to the designated scale from field notes made by me on August 23, 1981; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Churchill County, by Dick Week for irrigation, domestic and commercial purposes. That all other works or streams which are crossed by or connected with said works, and the boundary, area and kind of culture of land irrigated, are correctly shown and designated hereon.
