I, Robert N. Caldwell, being first duly sworn, depose and say that this map, consisting of one sheets, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, (or under my supervision and direction) between the 3rd day of June, and the 3rd day of June 1980; that it truly and correctly represents the location and extent of the works used to divert water from underground in Humboldt County, by John Hancock Mutual Life Insurance Company for irrigation purposes under Permit No. 28763. That the point of diversion, the location and size of the diverting channel, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Permit No. 28763 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Subscribed and sworn to before me this 4th day of June, 1981.
