I, Robert N. Caldwell, being first duly sworn, depose and say that this map, consisting of 1 sheets, has been correctly drawn from field notes of a survey made by me on the 27th of February 1982, that it truly and correctly represents the location and extent of the works used to divert water from underground in Pershing County by George J. Lacko for irrigation purposes, that the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designed.

Subscribed and sworn to before me this 1st day of March 19 82.
