I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of survey made by me on October 23, 1981, that it truly and correctly represents the location of the point of diversion and extent of the works to store water from alkali flat in the Schuetz reservoir in Lyon County, by Bud Schuetz for irrigation and domestic purposes. The size of the levee and reservoir, and the location and names of all other works which will cross or connect with the proposed works are correctly designated thereon.
