

EXISTING PLACE OF USE

PROPOSED PLACE OF USE

STATE OF NEVADA,
COUNTY OF WASHOE

I, Lee H. Smithson, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from information compiled from maps to accompany Application to Appropriate Water under Nos. 27332 and 27333, together with maps supplied by the Douglas County Assessors Office and the B.L.M. plat for Township 13 North, Range 18 East, M.D.M., and does not constitute a field survey done at this time; that it truly and correctly, to my knowledge, represents the existing and proposed locations and extent of the works used to divert water from Lake Tahoe and Lapham Creek, in Douglas County, by Edgewood Water Company for Quasi-Municipal purposes. That the existing points of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.

Lee H. Smithson 10/20/81 572
Lee H. Smithson
Certificate No.

Subscribed and sworn to before me this 20th day of October, 1981
Notary Public in and for Washoe County, Nevada.

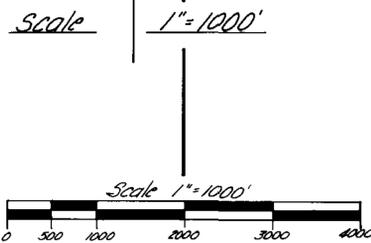

Edmund G. Stevenson
Notary Public

BASIS OF BEARING

Basis of Bearing and ties based on data shown on map support Application No. 20980.
