

STATE OF NEVADA } ss.
 COUNTY OF DOUGLAS }

I, B. J. Vasey, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 19th day of April, 1982; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground sources in Douglas County, Nevada, by Paul E. Unruh for quasi-municipal purposes; that the proposed place of use, the existing points of diversion and existing place of use, and the boundary of all lands, are fully and correctly designated hereon.
