I, Walter G. Reid, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on June 28, 1982 that it truly and correctly represents the proposed location and extent of the works used to divert water from underground source, in Lyon County, by Crystal Clear Water Co., Inc. for Quasi-Municipal and Domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting conduit, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the area to be supplied, are fully and correctly designated thereon.
