COR. FOUND ~ Properly stamped  
B.L.M. brass cap on iron pipe

STATE OF NEVADA } SS.  
County of White Pine }

I, Richard E. Fonger, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, between the 22nd day of July, 1982; and the 24th day of July, 1982; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground sources in Elko County by Nevada Northern Railway Company for quasi-municipal and industrial purposes. That the proposed point of diversion and return, the location of the railroad facilities, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
