

STATE OF NEVADA }
 COUNTY OF CLARK } ss.

I, C. STEVE DEAL, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th day of March, 1982; that it truly and correctly represents the location and extent of the works used to divert water from underground in Lincoln County by KENNETH D. LEE for irrigation purposes. That the existing point of diversion, the proposed point of diversion, all reservoirs or basins, the locations and names of all other works which will cross or connect with the diverting works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated are fully and correctly designated thereon.
