

STATE OF NEVADA  
 COUNTY OF WASHOE

I, Lawrence A. Bogdon, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my direction on Aug. 16, 1982; that it truly and correctly represents the proposed location and extent of the works used to divert water from Wells Creek in Washoe County by the County of Washoe, a political subdivision of the State of Nevada for irrigation purposes. That the proposed point of diversion, the approximate location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
