 COUNTY OF CLARK }

I, C. STEVE DEAL, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 31st day of January, 1982; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground in Nye County by CHARLES NYBERG for quasi-municipal purposes. That the proposed points of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 20-acre subdivision the areas proposed to be developed, are fully and correctly designated thereon.
