

STATE OF NEVADA
COUNTY OF WASHOE 55

I, John M. Collins, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from various records, maps and field notes of a survey made under my supervision in August, 1983; that it truly and correctly represents the proposed location of the works used to change the point of diversion heretofore appropriated under Application No. 26478 by Washoe County for quasi-municipal and domestic purposes. That the proposed point of diversion, the locations and names of all other works crossed by or connected with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.

John M. Collins
