

STATE OF CALIFORNIA

County of Lassen

I, VIRGIL L. WHITTEN, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 15th and 16th days of November 1983 that it truly and correctly represents the proposed location and extent of the work used to divert water from unnamed seasonal stream in Washoe County, by BUREAU OF LAND MANAGEMENT AND HILLARD HAPGOOD for wildlife and stock-watering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs, wells or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, are fully and correctly designated thereon.
