I, William A. Nisbet, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey, made by William F. Pillsbury between the 24th day of October and 18th day of December, 1981 in support of Applications 44854 and 44946, which applications were later withdrawn, that it truly and correctly represents the proposed location and extent of the works used to divert water from UNDERGROUND SOURCES in HUMBOLDT and ELKO COUNTIES by ELLISON RANCHING COMPANY, for STOCKWATER and DOMESTIC PURPOSES. That the proposed points of diversion, the approximate location of the diverting channel, the approximate location of the place and manner of use, showing by 40-acre subdivisions, the areas to be served, are fully and correctly designed.
