

STATE of NEVADA }  
 COUNTY of STOREY } s.s.

I, Greg Hess, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of February, 1985, that it truly and correctly represents the original and proposed location and extent of the works used to divert water from an underground source in Lyon County, by Alfred W. Palmer, for irrigation and domestic purposes. That the original and proposed point of diversion, the approximate location and size of the diverting channel, the original and proposed place and manner of use, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas originally and proposed to be irrigated, are fully and correctly designated thereon.

*Greg Hess*  
 State Water Right Surveyor

Subscribed and sworn to before me this 21<sup>st</sup> day of February, 1985.

*Matthew C. Wilson*
