

STATE OF NEVADA }
 COUNTY OF LINCOLN }^{SS}

I, Richard E. Fonger, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, on the 18th day of April 1985; that it truly and correctly represents the location and extent of the works used to divert water from underground sources in Lincoln County, by Ardyth G. Smith for irrigation and domestic purposes. That the proposed points of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the the proposed works and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
