

STATE ENGINEER'S OFFICE
85 001-4 P.217

STATE of NEVADA } s.s.
COUNTY of STOREY }

I, Greg Hess, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 3rd day of October, 1985, that it truly and correctly represents the original and proposed location and extent of the works used to divert water from an underground source in Douglas County, by Sheridan Acres Water Co. for Quasi-Municipal and domestic purposes. That the original point of diversion, the approximate location and size of the diverting channel, the original and proposed place and manner of use, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas originally and proposed to be irrigated, are fully and correctly designated thereon.

Greg Hess
State Water Right Surveyor

Subscribed and sworn to before me this 14th day of October, 1985.

Cynthia P. Eastman
