I, Brian A. Randall, being first duly sworn, depose and say that this map, consisting of one sheet, has been drawn to the designated scale from record information on file at the Division of Water Resources and reviewed by me on the 24th day of December, 1985. That it truly and correctly represents the existing and proposed locations and extent of the works used to divert water from an underground source in Lyon County, Nevada by B.C.B. Ventures for irrigation and domestic purposes. That the existing and proposed points of diversion and the boundary of all lands, showing by 40-acre subdivisions the areas where the water is to be used, are fully and correctly designated hereon.
