SURVEYOR'S STATEMENT

I, Frank C. Hulse, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on July 11th, 1986, that it truly and correctly represents the location of the existing point of diversion and the proposed point of diversion used to divert water from an underground source in Lincoln County, Nevada, by Patricia Blanchard for Quasi-municipal purposes. Place of use being within 40 acre subdivisions shown by heavy dashed lines
