I, Frank C. Hulse, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on August 11, 1986; that it truly and correctly represents the proposed location and extent of the works used to divert water from Acoma Spring in Lincoln County, Nevada, by Gerald L. and Misha B. Holt for Irrigation. Map will also be used to support proof of Appropriation of water for Irrigation. Place of use being 40 acre subdivisions shown by heavy dashed lines
