

NOTE
 Tie-line bearing and distance were determined by trigonometric means and direct measurement from a constructed orthogonal grid. Area of concern does not contain the usually established section corners, bench marks, etc.

AFFIDAVIT

(To Accompany Application to Appropriate Water from the Lower Virgin River Floodplain Aquifer)

STATE OF NEVADA
 COUNTY OF CLARK

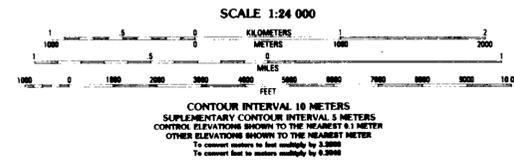

I, Dwight L. Sawyer, Jr., being duly sworn, depose and say that this map, OVERTON NE Quadrangle, Nevada - Clark County 7.5 Minute Series (Topographic, USGS) Provisional Edition 1983, complete with special features added to reflect instructed requirements of this application, has been correctly rendered under my supervision; that it truly and correctly represents the proposed location and extent of the transect with boreholes for obtaining a geo-hydrologic evaluation of the Lower Virgin River Valley alluvial fill for surface flooding and infiltration, and extraction recovery systems to divert water from the Lower Virgin River in Clark County, by the Bureau of Reclamation for the evaluation of power plant cooling purposes, and to return it to the Virgin River. Salient features of said works, are fully and correctly designated thereon.

Dwight L. Sawyer, Jr.
 Dwight L. Sawyer, Jr.
 State Water Right Surveyor No. 781

Subscribed and sworn to before me this 24 day of June, 1987.
 Notary Public in and for Clark County, Nevada.
